Official Invitation to the MLAIC Long Range World Cup, Hungary - 2022

Dear Delegates, Team Captains, dear Long Range Shooters of the World,

On behalf of Hungarian Blackpowder Shooters and Hunters Association and the Muzzleloaders Associations International Confederation, it is our pleasure to extend the invitation to the 1st MLAIC Long Range World Cup from 1st – 7th August 2022 as part of the 50th Anniversary Shooting festival of MLAIC.

This event will be a special event from many sides. First of all, this is the first ever MLAIC long range international competition to be held in eastern-central Europe, it is also the first ever MLAIC Long Range World Cup, and finally this will be the first international competition to be shot entirely on state-of-the-art camera systems.

The Hungarian organizers, supported by the MLAIC Long Range Committee worked hard in the past year to overcome the challenges of Covid and in the meantime develop the proper protocol for running a long range competition on camera system. We are happy to announce that the protocol is ready and the camera systems were well tested in different shooting conditions.

The event will take place in the beautiful, picturesque village of Szentendre, close to Budapest, at the military shooting range of Izbég. This location not only serves the competition well, but also offers an excellent possibility for shooters and family members to immerse in the beauty and history of our little central European country.
